## Vision

The future of healthcare education lies in delivering excellence in the best possible ways, with responsibility.

## Mission

To provide a supportive learning environment that nurtures students' potential and promotes academic excellence in the field of physiotherapy.

## Scope

The quality of medical care has improved tremendously in the last few decades due to the advances in technology, thus creating fresh challenges in the field of healthcare. It is now widely recognized that health service delivery is rapidly shifting to patient centric model with a multi-disciplinary team approach involving both clinicians and non- clinicians. As the country faces an increasing prevalence of chronic diseases, aging population, and rise in the life-style related ailments, the demand for rehabilitative and therapeutic services in surging.
Physiotherapists play a crucial role in improving the quality of life for patients and are essential in promoting mobility, pain management, and functional independence, thereby also reducing the burden on medical and surgical treatments

# Our Core Values

## Excellence

We uphold the highest standards in education, research, and patient care.

## Innovation

We encourage creativity and advancement to meet the evolving challenges in the healthcare field.

## Compassion

We foster a supportive and empathetic environment for our students, patients, and staff.

## Integrity

We are committed to ethical practices and transparency in all aspects of our work.

## Collaboration

We value teamwork and partnerships across disciplines to enhance learning and patient care.
